

# **OLGA CAVOURA**

Assistant Professor  
University of West Attica (UniWA), Greece

## **1. CONTACT DETAILS**

Work Address        Department of Public Health Policy  
                          School of Public Health  
                          Alexandras Avenue 196  
                          Athens, Greece  
E-mail:                okavoura@uniwa.gr

## **2. EDUCATION**

Ph.D. Dept. of Civil and Environmental Engineering, University of Strathclyde, UK, 2015.

M.Sc. (Distinction) in Environmental Science, Department of Environmental Studies,  
University of Strathclyde, UK, 1997.

B.Sc. (Honours) in Chemistry, Department of Chemistry, University of Glasgow, UK, 1995.

## **3. EMPLOYMENT/ APPOINTMENTS**

Assistant Professor, University of West Attica (UniWA), School of Public Health,  
Department of Public Health Policy, 2019–present.

Head of the Laboratory of the Environment and Occupational Health Division of  
Occupational and Environmental Health, School of Public Health, University of West Attica,  
2019–present.

Sabbatical leave (6 months Oct 21-April 22) University of Strathclyde, Department of Pure  
and Applied Chemistry, 295 Cathedral Street, Glasgow, UK

Invited visiting researcher, University of Strathclyde, Department of Pure and Applied  
Chemistry, 295 Cathedral Street, Glasgow, UK, 11/07/2016–4/08/2016; 17/07/2017–  
03/08/2017; 17/07/2018–03/08/2018; 15/07/2019–02/08/2019.

Senior teaching/ research fellow National School of Public Health, Department of Sanitary  
Engineering and Environmental Health, 196 Alexandras Avenue, Athens, Greece, 2005–  
2019.

Environmental chemist, National School of Public Health, Department of Sanitary  
Engineering and Environmental Health, 196 Alexandras Avenue, Athens, Greece. 2001–  
2005.

At-line production chemist, Zeneca/Avecia Limited Chemicals Plant, Earls Road,  
Grangemouth, UK, 04/1999–10/1999.

Environmental development chemist, Zeneca Chemicals Plant, Earls Road, Grangemouth,  
UK, 10/1997–04/1999.

#### **4. RESEARCH ACTIVITIES**

Research areas include environmental analysis and monitoring; environmental pollution, transport and fate of chemicals; environmental risk assessment with a focus on Public Health.

##### **Current and selected projects**

Water quality assessment in public and private water supplies.

Microplastics and organic pollutants in marine and fresh water environments.

Contaminated land- Procedures and protocols implemented in Greece and assessment of contaminated sites.

Metals in soil and sediment, risk assessment methods and exposure models for metals (collaboration with University of Strathclyde UK, University of Lagos, Nigeria).

Development of environmental and public health indicators towards sustainable development and green cities.

Interlaboratory Comparison Study for Total and Methyl mercury, Brooks Rand Labs, USA, 2012.

Environment and Health, European Commission Working Party, 2006–2008. An assessment of the aspects of health related to clean water and air, to environments supporting safe mobility and physical activity, chemical safety, noise and safety at work.

Establishment of Environmental Health Information System Supporting Policy, Funding body: EC Health and Consumer Protection Directorate General (DG SANCO), Budget: 62.862 €, 2005–2007.

Development of methods for the determination of chemicals used as terror agents, National School of Public Health Action Programme, 01/01/2005–02/02/2005.

Determination of metals in the water supply system of Xios Island. Project funded by the Ministry of Health and Welfare for the assessment of mercury in drinking water supplies, 2003.

## 5. TEACHING AND COURSE DEVELOPMENT

### Taught Undergraduate Courses

*Water and waste water treatment.* Optional course comprising part of BSc in Public and Community Health, Department of Public and Community Health, University of West Attica, 2020–2021.

*Environmental Chemistry.* Compulsory course comprising part of BSc in Public and Community Health, Department of Public and Community Health, University of West Attica, 2021–2022

*Toxic and Dangerous Waste.* Optional course comprising part of BSc in Public and Community Health, Department of Public and Community Health, University of West Attica, 2021–2022.

*Water Resource Quality and Pollution.* Optional course comprising part of BSc in Public and Community Health, Department of Public and Community Health, University of West Attica, 2020–2021.

### Taught Post Graduate Courses

*Environmental Quality Assessment.* Compulsory course comprising part of the MSc in Occupational and Environmental Health, Department of Public Health Policy, University of West Attica, 2020–2021.

*Solid Waste Management (selected units).* Compulsory course comprising part of the MSc in Occupational and Environmental Health Department of Public Health Policy, University of West Attica 2020–2021.

*Environment and Health (selected units).* Compulsory course comprising part of the MSc in Occupational and Environmental Health, and MSc in Public Health, Department of Public Health Policy Department of Public Health Policy, University of West Attica, 2020–2021.

*Structure and Function of Public Health Laboratories (selected units).* Compulsory course comprising part of the MSc in Public Health, Specializing in Laboratory Analysis, Department of Public Health, Policy, University of West Attica, 2020–2021.

*One Health (selected units).* Compulsory course comprising part of the MSc in Public Health, Department of Public Health Policy, University of West Attica, 2020–2021.

*Environmental Chemistry.* Compulsory course comprising part of the MSc in Occupational and Environmental Health, National School of Public Health, 2014–2020.

*Laboratory methods for the analysis of soil and wastewater.* Optional course comprising part of the MSc in Occupational and Environmental Health, National School of Public Health 2014–2020.

*Environmental Management.* Optional course comprising part of the MSc in Occupational and Environmental Health, National School of Public Health, 2015–2020.

*Environment and Health* (selected units). Compulsory course comprising part of the MSc in Occupational and Environmental Health, National School of Public Health, 2012–2020.

*Laboratory methods for the analysis of water and waste water* (selected units). Optional course comprising part of the MSc in Occupational and Environmental Health, National School of Public Health, 2012–2020.

*Solid and hazardous waste management* (selected units). Optional course comprising part of the MSc in Occupational and Environmental Health, National School of Public Health, 2015–2020.

*Physicochemical methods for the analysis of environmental samples* (selected units). Optional course comprising part of the MSc in Public Health with a focus on laboratory-methods, National School of Public Health, 2015–2020.

*Sanitary Engineering and Environmental Hygiene* (selected units). Optional course comprising part of the MSc in Public Health, National School of Public Health, 2004–2012.

*Environmental Health and Risk Assessment* (selected units). Optional course comprising part of the MSc in Public Health, National School of Public Health, 2003–2007.

## **STUDENT SUPERVISION**

### **Graduate student supervision**

Advisor in PhD theses: 1 underway

Advisor in Masters' theses: 15 completed

### **Committees for Course Development**

Member of the Course Development and Coordination Committee for the MSc of the Division of Occupational and Environmental Health in Occupational and Environmental Health, Department of Public Health Policy, School of Public Health, University of West Attica, 2019–present.

Member of the Working Group for the Development of Undergraduate Course of the Department of Public Health Policy, School of Public Health, University of West Attica, 2019–2021.

## **6. RECENT ADMINISTRATIVE ROLES**

Member of student selection committee, Department of Public Health Policy, University of West Attica, 2019–present.

Advisor for students with special educational needs and disabilities, Department of Public Health Policy, University of West Attica, 2020–present.

Student advisor, Department of Public Health Policy, University of West Attica, 2019–present.

Student advisor, National School of Public Health, 2016–2019.

## **7. PROFESSIONAL ACTIVITIES**

### **Conference Participation (recent and selected)**

7th Conference of the Hellenic Solid Waste Management Association International Conference of Solid waste Management, Athens, Greece 28-29 September 2022.

Re-imagining 18th century infrastructure to address flood risk, stimulate investment & tackle health inequalities, Scottish Canals' COP26 event live from Scotland's Climate Ambition Zone, 10th November 2021, Lighthouse, Glasgow, UK.

Sustainability in the Built Environment – Panel Discussion - November 11, 2021, The Technology and Innovation Centre, University of Strathclyde, Glasgow, UK.

EU Green Week 2021 Partner Event, Zero Pollution for Healthier People and Planet, Invited Speaker on Environmental Pollution and Monitoring Systems, June 2021.

12th Panhellenic Conference on Public Health and Health Services, Athens, 19–21 March 2018.

ASPHERS's 50th anniversary: taking stock, moving forward, Association of School of Public Health in the European Region, 25–27 May 2016.

6th Symposium on Occupational and Environmental Health '*Quam artem exercent?*' Athens, Greece, 23 March 2016.

Seminar on Screening: A Public Health perspective and requirements for effective implementation, 19 November 2015, National School of Public Health, Athens, Greece.

10th Panhellenic Conference on Public Health and Health Services, 'Public Health, the road towards Development', Athens, 31 March–2 April 2014.

5th Symposium on Occupational and Environmental Health, Athens, Greece, 2 April 2014.

Management of effluent from wastewater treatment plants: Associated risks, National School of Public Health, Athens, Greece, 6 February 2014.

11th International Conference on Mercury as a Global Pollutant, Edinburgh, UK, July 28–August 2, 2013.

1st Public Health Laboratories Network Seminar, Vari, Greece, 7 October 2011.

10th International Conference on Mercury as a Global Pollutant, Halifax, Canada, July 24–29th 2011.

Use of sub-national Indicators to Improve Public Health in Europe (UNIPHE) Conference Towards Improved Local Public Health, Bucharest. 27–28 September 2010. Project 20081304 under EU Health Programme 2008–2013.

7th Panhellenic Conference on Public Health and Health Services, Athens, 17–19 March 2008.

10th International Conference on Environmental Science and Technology, Kos Island, Greece, 5–7 September 2007.

Environmental Management in the Health Sector Workshop, 2nd Panhellenic Conference on Management and Economics of Health Policies, ENHIS, Athens, Greece, 13–16 November 2006.

6th Panhellenic Conference on Public Health and Health Services, Athens, 13–15 March 2006.

9th International Conference on Environmental Science and Technology, Rhodes Island, Greece, 1–3 September 2005.

#### **Scientific Committees and Chaired Sessions**

Session Chair, 11o Panhellenic Conference on Public Health and Health Services, Athens, Greece, 21–23 March 2016.

Member of the committee for the Organisation of the 50th anniversary of the Association of School of Public Health in the European Region: taking stock, moving forward, 25–27 May 2016.

Member of the committee for the Organisation of the 11th International Conference on Mercury as a Global Pollutant, Edinburgh, UK, 28 July–2 August, 2013.

Member of the Scientific Committee of the National School of Public Health for the 8th Panhellenic Conference on Public Health and Health Services, Athens, Greece, 15–17 March 2010.

Member of the Scientific Committee for the 7th Panhellenic Conference on Public Health and Health Services, Athens, 17–19 March 2008.

Member of the Scientific Committee for the 6th Panhellenic Conference on Public Health and Health Services, Athens, Greece, 13–15 March 2006.

### **Reviewer in Scientific Journals**

Bulletin of Contamination and Toxicology, Chemosphere; Environmental Monitoring and Assessment; Estuarine, Coastal and Shelf Science Microbiology Open; Critical Reviews in Analytical Chemistry; Heliyon

### **Affiliations/ Memberships**

Greek Association of Public Health; Institute of Environmental Managers, Royal Society of Chemistry; Society for Environmental Geochemistry and Health

## **8. CONTINUED DEVELOPMENT**

### **Selected seminars/courses**

ISO 14001: 2015 Auditor/Lead Auditor Environmental Management Systems 40-hour seminar, TUV Hellas AE, 22–26 February 2016.

Establishment of Environmental Management System ISO 14001:2004, National Organization for the Certification of Qualifications and Vocational Guidance, License No.2100634 Oct. 2015.

Research Protocols for Science and Engineering, University of Strathclyde, UK, 2008–2009.

International, European and Greek environmental legislation, ISO 14001/EMAS, Scientific and Educational Center of Chemical Engineering, 2007.

Ion Chromatography, Dionex Training Seminar, Athens, 22/11/2002.

Atomic Absorption Spectroscopy, Perkin Elmer Training Seminar, 14/06/2001.

Mathematical modelling for the transport of pollutants and water quality, 13-week course offered as part of MEng Course in Water Resource Management, National Technical University of Athens, 2000–2001.

Small scale effluent treatment plants, 13-week course offered as part of MEng Course in Water Resource Management, National Technical University of Athens, 2000–2001.

## 9. PUBLICATIONS

### Participation in reports and action plans

Action plan for Public Health in the 21st century, discussion topic, Bodosakis Institute, under the auspices of the President of the Democracy, 2022.

Report on Improved hazardous waste & contaminated soil management in Greece, funded by European Union (EU), the German Federal Ministry for Environment, Nature Conservation and Nuclear Safety (BMU), implemented by GIZ and the Hellenic Ministry of Environment and Energy (YPEN), in collaboration with EC. Expert contribution, March 2021. [https://ypen.gov.gr/wp-content/uploads/2021/09/FR\\_Hazardous\\_waste\\_contaminated\\_soil\\_EN.pdf](https://ypen.gov.gr/wp-content/uploads/2021/09/FR_Hazardous_waste_contaminated_soil_EN.pdf)

Health and Environment in Europe: Progress Assessment, World Health Organization, Europe, 2009.  
[http://www.euro.who.int/\\_\\_data/assets/pdf\\_file/0010/96463/E93556.pdf](http://www.euro.who.int/__data/assets/pdf_file/0010/96463/E93556.pdf).

Children's health and the environment in Europe: A baseline assessment, World Health Organization, 2007.  
[http://www.euro.who.int/\\_\\_data/assets/pdf\\_file/0009/96750/E90767.pdf](http://www.euro.who.int/__data/assets/pdf_file/0009/96750/E90767.pdf).

Establishment of environment and health information system supporting policy-making ENHIS 2 Final technical report, European Centre for Environment and Health, World Health Organization, 2007.

### Participation in books (peer reviewed)

Monitoring drinking-water quality in holding tanks at Olympic venues, Mass Gatherings and Public Health: The Experience of the Athens 2004 Olympic Games, (Chapter 9), N.D. Katsiris, **O. Kavoura**, G.A. Zervas, I.P. Damikouka, World Health Organization, 2005.  
[http://www.euro.who.int/\\_\\_data/assets/pdf\\_file/0009/98415/E90712.pdf](http://www.euro.who.int/__data/assets/pdf_file/0009/98415/E90712.pdf).
